Overview

This summary places the collateral records in date order, per child and per parent, and quotes each entry as the source documents it. It does not weigh the entries, does not characterize either parent and does not reach any conclusion about custody or parenting. The evaluator does that. Entries that name a parent are listed under that parent only because the source document names them.

Conflicts between sources

ITEM	SOURCE 1 SAYS	SOURCE 2 SAYS	CITES
Exchange time on 09/14/2025	CAD log: caller states 5 pm	Officer narrative: Parent B states the order says 6 pm; the order itself is not in the file	p. 547
Who was present at the 12/06/2025 exchange	Police report lists both parents and Child 1	Therapist session note of 12/09 records Child 1 saying "my brother was there too"	p. 552, p. 361
School contact order	School emergency card lists Parent A first	Nurse log of 09/30/2025 shows Parent B reached first after no answer from Parent A	p. 192, p. 247

What the file does not contain

- The custody order referred to on p. 168 and p. 547. Neither parent's packet includes it.
- Any prior psychological or custody evaluation of either parent or child.
- School records before 08/2022 and for the 2024 to 2025 school year for Child 2 (first school page for T.D. is 08/2025).
- Therapy records after 03/24/2026 and any discharge summary.

- The CFS allegation narrative is complete, but the reporter's original written referral is referenced on p. 433 and not attached.
- Police body-camera or dispatch audio referenced on p. 552 is not in the file.

This summary organizes and cites. It reaches no conclusion about either parent, either child or the allegations. Medrecords AI organizes, cites and flags what is in the uploaded files. You review, you revise, you sign.
